

## **Final Announcement – LOFAR Family meeting 2019**

*The 2019 LOFAR Users Meeting*

*The 2019 LOFAR Community Science Workshop*

*LOFAR 2.0 discussion*

**May 20-23, 2019**

**Leiden, The Netherlands**

**Website: <http://www.astron.nl/lofarscience2019>**

### **Programmes**

The programmes of the meetings are available at

<https://www.astron.nl/lofarscience2019/programme.php>

Information about the social program - welcoming reception on 20 May and workshop dinner on 21 May - is available at the same page.

Information about how to reach the meetings venue ([Scheltema](#)) is available at

<https://www.astron.nl/lofarscience2019/logistics.php>

Note: the venue is at walking distance (9 minutes) from Leiden central station.

### **Presentations**

We have a fairly full program, so for all meetings we will use a central computer to make switching between presentations more efficient. Please be prepared to provide your presentation on a USB stick before your session begins. We will support the latest versions of Acrobat Reader, Keynote, Powerpoint, OpenOffice, and LibreOffice.

Note that we plan to make the presentations available online after the conference. In case you want to provide a censored version of your talk to go online, please notify the LOC during the conference.

If you have any additional questions, just check the website or contact the LOC at [lofarworkshop@astron.nl](mailto:lofarworkshop@astron.nl). We look forward to seeing you in Leiden!

Sincerely,

Roberto Pizzo

On behalf of the Local Organizing Committee
