

# LOFAR Development Meetings

The LOFAR Development meetings have the following goals:

- Prioritize the development work for the software development team at ASTRON based on input from the ASTRON MT, the ILT, the KSPs, Operations, and the Dev team itself.
- Identify resource problems and address these.
- Discuss other relevant items

The meetings kicked off on Jan. 24th 2013, after the LCCG was abandoned. The current (Jan 2013) members are:

- Roberto Pizzo (LOFAR system/operations)
- Hanno Holties (RO software head)
- Arno Schoenmakers (scrum master dev. team)
