

International Network Meetings

The LOFAR international network meetings are held to give the networking engineers a forum to discuss problems and planning for the network connections for LOFAR. Here, network includes such topics as:

- 10 Gb/s fiber connections to stations, Groningen, archive centers, etc.
- network protocols
- switch issues
- VLANs
- data rates
- archive data transfer

and so on.

Next Meeting

The next meeting will take place sometime in 2009 Dec or 2010 Jan. A Doodle will be sent out to the usual suspects around the end of October, or early November, and an announcement will be placed here as well. Check back.

Previous Meetings

- 2009 February 04 Groningen
