

PLEASE NOTE

The LOFAR wiki has been migrated to a new server. The old URL's starting with <http://www.lofar.org/wiki> (or ../operations) are now obsolete and will be removed. From now on please only use <https://www.astron.nl/lofarwiki> .

This wiki has a new editor. Text can now be edited and formatted as in other word processors without having to know the special wiki syntax. In [pages with embedded html](#) this editor may not work properly. In those cases you can switch back to the original Dokuwiki editor called "DW Edit".

Welcome to the LOFAR Wiki !
