

PLEASE NOTE

The LOFAR wiki has been migrated to a new server. The old URL's starting with <http://www.lofar.org/wiki> (or `../operations`) are now obsolete and will be removed. From now on please only use <https://www.astron.nl/lofarwiki>.

This wiki has a new editor. Text can now be edited and formatted as in other word processors without having to know the special wiki syntax. In pages with embedded html this editor may not work properly. In those cases you can switch back to the original Dokuwiki editor called "DW Edit".
