This is the LOFAR wiki, the information exchange board for all people actively involved in the LOFAR project. A small part of this Wiki space is public, but most is restricted and requires registration.

- General LOFAR information can be found on the [LOFAR website](#), **NOT** in this Wiki!
- New users need to [**register here**](#) to get access to the restricted areas; please read the information on the registration page carefully to understand the registration process!!
- Users that have an account already can [**Login here**](#).
- You can [**change your password here**](#) (after logging in!).

Shortcuts to main LOFAR wiki sections are given in the side-panel on the left. A search box is provided there as well.

FIRST TIME USERS SHOULD READ THE [INTRODUCTION AND GUIDELINES](#) FIRST!
